The IDOT District One Geotechnical Unit has reviewed the revised Structure Geotechnical Report (SGR) prepared by Geo Services, Inc., dated August 20, 2021 for the above-referenced project. The report was revised based on comments from IDOT dated August 9, 2021 and provides geotechnical recommendations for the proposed roadway improvement project located at the intersection of Illinois Route 53 (IL 53) and Illinois Route 56 (IL 56) in Milton Township, DuPage County.

The proposed improvements will include the extension of the existing 4' x 4' box culvert located at Station 173+00.

After reviewing the revised SGR, we find that all of our previous comments have been addressed and the report is approved.

If you have any questions regarding this review, please contact Robert Claussen, P.E. at (847)705-4735 or Giancarlo Gierbolini, P.E. at (847) 705-4003.
