

Illinois Department of Transportation

2300 South Dirksen Parkway / Springfield, Illinois / 62764

September 5, 2025

SUBJECT: FAP Route 322 (US 51)
Project NHPP-Y07P(898)
Section HMLT2025-1
McLean County
Contract No. 70H51
Item No. 45, September 19, 2025 Letting
Addendum A

NOTICE TO PROSPECTIVE BIDDERS:

Attached is an addendum to the plans or proposal. This addendum involves revised and/or added material.

1. Revised the Schedule of Prices in ICX only.
2. Revised page 4 of the Special Provisions.

Prime contractors must utilize the enclosed material when preparing their bid and must include any changes to the Schedule of Prices in their bid.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Jack A. Elston'.

Jack A. Elston, P.E.
Bureau Chief, Design and Environment

POLE IDENTIFICATION

In accordance with Article 1069.06 of the Standard Specifications, each pole and light tower shall be labeled. The labels shall indicate the controller number and the pole unit number. The label shall have the controller number on top, with the pole unit number underneath (as a fraction would appear). The tower unit numbers are per the numbers on the plan sheets.

The contractor shall contact the District's Traffic Operations Engineer (Gary Sims at 217-466-7378) in advance to obtain an example or sample of the labels to be installed prior to ordering labels.

HAND GRADING

Eff. 04-01-2020

Grading shall be done by hand around light poles, utility poles, signposts, shrubs, trees, or other natural or man-made objects where shallow fills or cuts are adjacent to the items. The intent is to preserve original state of the construction limits and temporary easements as much as possible. Items to remain in place will be determined by the Engineer

This work shall not be paid for separately but shall be included in the contract unit price per cubic yard for EARTH EXCAVATION.

ELECTRIC UTILITY SERVICE CONNECTION

Description: This item shall consist of payment for work performed by the local electric company in providing or modifying electric service as indicated in the plans. It shall be the Contractor's responsibility to contact and coordinate the work with the local utility.

The Contractor will be reimbursed to the exact amount of money as billed by the electric company for its services. Work provided by the Contractor for electric service will be paid separately as described under ELECTRIC SERVICE INSTALLATION. No extra compensation shall be paid to the Contractor for any incidental materials and labor required to fulfill the requirements as shown on the plans and specified herein.

For bidding purposes, this pay item shall be fixed at a price of \$10,000 per Lump Sum. This Work will be paid for at the contract lump sum price for ELECTRIC UTILITY SERVICE CONNECTION which shall be reimbursement in full for electric utility service charges.

Revised September 5, 2025
