Addendum A

## NOTICE TO PROSPECTIVE BIDDERS

Attached is an addendum to the plans or proposal. This addendum involves revised and/or added material.

Reason for Addendum:  
Revisions to the Plans

To All Plan Holders:  
This addendum forms a part of the bidding and contract documents and modifies the original bidding documents, dated February 28, 2025.

### Plan Changes:

1. SHEET 50  
REVISE:  
Station labels STA 517+01, STA 518+01, & STA 519+01 to be STA 517+00, STA 518+00, & STA 519+00 respectively.

ADD:  
Earthwork Summary Table showing cut and fill quantities.

Note that the fill quantity for the Stockpile Cross Sections is not included, since the stockpile does not need to be constructed to the exact line and grade shown on the plans; rather, the stockpile is intended to be constructed with the excavated subgrade from the Taxiway and Turf Runway, since there is more cut than fill as shown in the Earthwork Summary Table for the Taxiway and Turf Runway. It will not be necessary to import material from offsite to construct the stockpile.

2. SHEET 60-62  
REVISE:  
Notes 1 & 2 as shown on the attached plan sheet
3. SHEET 63  
REMOVE:  
- Guardrail and pavement structure

REVISE:

- all callouts with text "NOTE 4" to be "NOTE 3"

Special Provisions Changes:
