## GENERAL NOTES

This section shall be constructed in accordance with the plans; the STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION, adopted January 1, 2002; the SUPPLEMENTAL SPECIFICATIONS AND RECURRING SPECIAL PROVISIONS, adopted January 1, 2005; and the SPECIAL PROVISIONS Included in the proposal.

This project is located south of Mt. Vernon on IL. Route 148 in Jefferson County. The project includes the following structure: Structure Number 041-0096 over the Big Muddy River.

The work included in this project consists of the removal and replacement of the existing neoprene expansion joints, pavement striping, and all other work necessary to complete this section.

The reflective lense of all raised reflective markers located between the stop bars and the end of the approach pavements shall be removed prior to stage I construction. This work will be paid for at the contract unit price for RAISED REFLECTIVE PAVEMENT MARKER, REFLECTOR REMOVAL. Replacement of the bi-directional amber reflectors at the completion of stage 2 will be paid for at the contract unit price for REPLACEMENT REFLECTOR.

The quantities of paint pavement marking line were computed as follows:

144 Feet (yellow) 1798 Feet (white) 1942 Feet (Total)
