

COMMITMENTS

No commitments were made.

ENVIRONMENTAL REVIEWS

Prior to the use of any proposed borrow areas, use areas (temporary access roads, detours, run-arounds, etc.) and/or waste areas, the Contractor shall file the required environmental resource request surveys according to Section 107.22 of the Standard Specifications. These surveys are required in order for the Department to conduct cultural and biological resource surveys for the proposed site.

The required environmental resource documentation shall include the following:

- * BDE Form 2289 (Cultural and Natural Resources Review of Borrow Areas)
- * BDE Form 2290 (Waste/Use Area Review)
- * A location map showing the size limits and location of the use area
- * Color photographs depicting the use area
- * Borrow Area Entry Agreement form - D4 PI0101

Prior to any waste materials being removed from the construction site the required environmental resource surveys shall be obtained and filed by the Contractor. Excess waste products removed from the construction site shall be disposed of as required in Section 202.03 of the Standard Specifications.

Any protruding metal bars shall be removed prior to the disposal of broken concrete at approved disposal sites.

Please note that a minimum of four weeks shall be allowed for the District to obtain the required environmental clearances and six weeks for the required borrow site environmental clearances.

AGGREGATE WEDGE SHOULDER, TYPE B

Aggregate Wedge Shoulder, Type B shall be required for all granular construction of side roads, entrances, and mailbox turnouts, whether or not portions of the surfaces thus constructed are to be covered with a bituminous surface, except where noted differently on the plans.

Utility table has been updated with additional utilities.

PROJECT SPECIFIC NOTES

1. THE EXISTING CONDITIONS IN THE PLAN DRAWINGS ARE BASED ON AERIALS PHOTOGRAPHS.
2. EARTH EXCAVATION AND BACKFILL FOR GUARDRAIL SHALL BE INCLUDED IN THE UNIT COST OF THE VARIOUS ITEMS.
3. THE RESIDENT ENGINEER HAS THE AUTHORITY TO FOREGO GUARDRAIL EROSION CONTROL AGGREGATE AT A LOCATION WHERE A CULVERT IS AND A LACK OF FORESLOPE OR EXISTING EROSION CONTROL PROBLEMS ALONG THE SLOPE IS PRESENT.
