2300 South Dirksen Parkway / Springfield, Illinois / 62764

FAP Route 781 (IL 33)
Project ACF-0781(035)
Section (108BR)B
Crawford County
Contract No. 74322
Item No. 23, November 4, 2016 Letting

This project includes additional files containing 3D models, and information. The information, models, and content within these files are provided FOR INFORMATION ONLY. The 2D contract plans for Contract 74322 shall take precedence over the content of any of the provided files and 3D models.

- 0170035-74322-3d.pdf: (This file may be opened and navigated using Adobe Acrobat Reader, Acrobat Standard, or Acrobat Professional. A setting must be enabled in order to view 3D content of a pdf file. The setting is located under the “Edit” pulldown and “Preferences”. In the “3D & Multimedia” category of the “Preferences” dialog, turn on the toggle for “Enable playing of 3D content.”)
- 0170035-74322-dgns.zip: This compressed file contains the MicroStation dgn’s that model each of the components of the bridge. The file “Structure-Complete.dgn” contains the completed bridge (excluding the terrain model).
- 0170035-i-models.zip: This compressed file contains the i-models generated from the original MicroStation dgn’s. They are essentially read-only versions of the original dgn’s. They can be read using other software such as MicroStation, Bentley DGN Reader for Windows, and Bentley Navigator.
